INDEX.

Aberdeen University, 401; the chair of Physiology at, 23, 292, 439
Aberystwith water supply, 591
Abortion, injection of perchloride of iron in, 820
Aconitine, 403
Adami, Dr. E., obituary notice of, 336
Adams, Dr. J., case of hydrophobia, 567
——, Mr. J., case of post-partum hæmorrhage, injected with perchloride of iron for the second time, complicated with acute pleuro-pneumonia; recovery, 311
Adams's operation, cases of malposition of thigh, after hip joint disease, treated by, 698, 724
Adelaide Hospital, Dublin, 902
Adrenals, relations of the, to certain occasional structures in the ovaries, 836
Advertisement, an extraordinary, 75
Advertising doctors, 712
Aerated drinks, the diuretic action of, 664, 753
Aged persons, some operations performed successfully on, 85, 187
Ague, with retinal hæmorrhage, 497
Ainley, Mr. D., infant mortality, 831
Albert Victor, Prince, illness of, 105, 140, 179, 219, 249, 293
Albuminuria retinitis, 330
Alcohol, on the use of, 71, 116, 131, 187, 227, 595, 631, 637, 670, 674, 706, 747, 752, 786, 790, 824, 864, 901, 934, 942; in workhouses, 254; effects of, on vision, 753, 791; consumption of, in France, 817; on the diagnosis and treatment of acute diseases induced by, 915, 953
Alcoholism, nux vomica in, 301; and medical students, 340
Alford, Mr. F. S., summer diarrhœa, 341
Alkalies, the effects of, 935
Allbutt, Dr. T. C., on Davos as a health resort, 575, 614
Allen, Mr. G., Physiological Æsthetics (review), 12
Allison, Mr. W., obituary notice of, 34
Alopecia in congenital syphilis, 276
Althaus, Dr. J., hysterical anæsthesia, 746
Ambulances, 292
Amedeo, Prince, the accident to, 176
America, public hygiene in, 187
American Journal of the Medical Sciences (review), 772
—— urban mortality statistics, 547
Ammoniacal gas, curious case of development of pungent, 531, 559, 597
Amphlett, Lord Justice, 624
Anæsthesia, hysterical, 644, 704, 746, 869
Anæsthetics, death from, 26; mode of action of, 773
Analysts, public, 438
ANALYTICAL RECORDS.—La Bourboule, Source Choussy, Puy de Dome, 576—Branson's coffee extract, ib.—Gale and Co.'s cod-liver oil emulsions, ib.—The Albion milk and sulphur soap, ib.—Eaux-Bonnes (Basses Pyrenées), ib.—Unguentum petrolei, ib.—Giesshubler natural mineral water; royal Hungarian bitter water, 616—Elizabeth Vichy water; Sainte Marie Vichy waters, ib.—Birresborn natural mineral water, ib.—Leslie's almondised cod-liver oil; Leslie's almondised castor oil, ib.—Liquor phosphori albumatus, ib.—Tamar Indien, ib.—Hypnopoietic, 847—Liquor santal flava cum bucco et cubebæ, ib.—Cooper's compound mustard cloth, ib.
Anatomy, practical, 406
Anderson, Dr. M'C., Clinical Lectures on the Curability of Attacks of Tubercular Peritonitis and Acute Phthisis (review), 240
Aneurism, on two cases in which the external iliac artery was successfully tied for the cure of, with observations on the formation and growth of a solid fibrinous tumour in the sac, also on the occurrence of three aneurisms in the same artery, and on the treatment of gangrene after ligature, 120, 155, 196; popliteal, operation, recovery, 125; of the carotid and subclavian, 436; case of multiple, one of which, situated at the upper part of the right femoral, was obliterated by the introduction of a foreign body into the aneurismal sac, 536; traumatic, of the right radial artery cured by direct pressure, 571; of the left ventricle, 672; of the anterior cerebral artery, ib.; of arch of aorta opening externally, 689; of the coeliac axis, ib.; abdominal, ib.; aortic, rupturing into pericardium, following cured popliteal aneurism, ib.; of aorta, innominate, subclavian, and carotid arteries, treated by double distal ligature, 726, 777; in the cavity of an hepatic abscess, 766; in the floor of a gastric ulcer, ib.; popliteal, treated by ligature, 896
Ankle-joint, synovial disease of the, suppuration and disorganisation, amputation of the foot antiseptically by Teale's method, antiseptic dressing, recovery, 889; excision of, 922
Annus medicus 1877, 957
Antiperiodics, a suggestion as to, 831
Antiseptic surgery, 900
—— treatment of amputation wounds in military hospitals, 261
Anti-vaccinationist, an, 74
Anuria, case of, lasting twenty-five days, recovery, 480
Aorta, complete obliteration of the, 573
Apothecaries' Act, fine under the, 26
—— Hall, of London, 822; pass-lists of, 35, 72, 112, 146, 184, 223, 264, 298, 337, 411, 446, 479, 518, 557, 634, 672, 710, 749, 788, 828, 902, 939, 973;—of Ireland, 265
Appeal, an, 114; from Roumania, 938
Arnica fed on dates, 212
Army, the, medical organisation of, 15, 449; the medical department of, 114, 143, 185, 218, 223, 225, 262, 334; its past and present history, 220; spirit-drinking in, 941
—— and militia surgeons of, 20
—— veterinary surgeons, 903
—— warrant, the new, 402
Arroti, Dr. J., testimonial to, 519
Arsenicum, the presence of, in some samples of furnishing materials, 222
Arteries, effects of injection of air into the, 474
Arterio-capillary fibrosis and its clinical recognition, remarks on, 232
Artisans' Dwellings Act, 505, 626, 855
Ascites, tapped on five occasions, cured by copaiba resin, case of, 49
Aspirator, use of the, in urethral rupture, 520; large abscess of the liver satisfactorily treated with the, 796; the origin of the, 971
Association of Medical Officers of Health, 772
Asson, Michaelangelo, 943
Asthma, etiology of, 415
Astley Cooper prize, the, 264, 297, 325, 335, 410, 896
Atkinson, Dr. E., An Elementary Treatise on Physics, experimental and applied (review), 692
Auditory nerve, intracranial sarcomatous tumour in connexion with the, 840
Auerbach, Dr. G., Anthracen, its Constitution, Properties, Manufacture, and Derivatives, &c. (review), 13
Aural therapeutics, 521
Auricle, left, formation of balls of fibrine in the, 573; ante-mortem coagulation in the, ib.
Australasia as a resort for consumptives, 414
Australia, the public health service in, 267
Auvergne, the baths of, 515
Aveling, Dr. E. B., Physiological Tables for the use of Students (review), 540
Avulsion of leg, primary amputation of thigh, recovery, 881
Axe, Mr. J. W., rabies and hydrophobia, 970

Bacot, Dr. J. T. W., the limes of the Bahamas, 114
Bacteria question, present state of the, 892
Bailey, Mr. H. F., post-partum hæmorrhage, 333
Baker's oven, poison in the, 962
Balfour, Dr. G. W., on the position and mechanism of the hæmic murmur, 383
——, Mr. J., hydrophobia, 599, 787
Ball, Dr. J. B., a large abscess of the liver satisfactorily treated with the pneumonic aspirator, 796
Balsam of Peru, therapeutic action of, 626
Band, Mr. A., peculiar action of the mammary glands, 342
Banham, Mr. H. F., introductory address at Sheffield School of Medicine, 555
Barham, Mr. F., mortality from diseases of the respiratory organs, 115
Barker, Mr. A. E., remarks on a case of rare dislocation of the hip, 455
Barlow, Dr. T., alopecia in congenital syphilis, 276
Barnard, Dr. C. E., a case in medical jurisprudence at the antipodes, 225
Barnes, Dr. R., address in obstetrics, 286
——, Mr. R. W., coroners and inquests, 450
Barrett, Mr. A. E., fungus hæmatodes of the leg, treated with chromic acid; cure, 278
Barwell, Mr. R., on gutta-percha or leather moulds in angular curvature, 142; on Curvatures of the Spine (review), 809
Basham, Dr. W. R., obituary notice of, 634
Bately, Mr. R. G., injection of perchloride of iron in abortion, 520
Bath and the British Medical Association, 588
—— chairs, 740
Bathers, safety of, 475
Bathing and drowning, 65
Batten, Dr., urinary test-tube, 848
Batteson, Mr., the action against, 31
Baylis, Mr. J. R., obituary notice of, 972
Beaufort, Mr. W. M., hydrophobia, 868
Beaumont, Mr. J. M., obituary notice of, 939
Bedale, typhoid at, 332
Beer, doctored, 637, 753
Belcher, Mr. F., hydrophobia, 888
Belge, Statistique Médicale de l'Armée de (review), 887
Belgrave Hospital, 258
Bell, Dr. R., the muriate of calcium as a therapeutic agent, 275
Bennett, Mr. W., unqualified midwifery practice, 115; treatment of erysipelas after vaccination, 521
Benson, Mr. J., obituary notice of, 337
Bequests, donations, &c., 35, 47, 89, 146, 234, 264, 299, 313, 464, 653, 710, 784, 828, 896, 902
Berry, Mr. W., treatment of obstinate sciatica, 110; notes of a case of pregnancy complicated with dropsy of the amnion, 534
Bethnal-green, sanitary condition of, 549
Bevan, Mr. G. P., the Industrial Classes and Industrial Statistics (review), 282
Biblio-biography, medical, 703
Biggs, Mr. M. G., hysterical anæsthesia, 869
Binz, Dr. C., sanitation on the Rhine, 791
Biography extraordinary, 664, 704
Bird, Dr. S. D., hydatid of the lung, 32; on

Hydatids of the Lung, their diagnosis, prognosis, treatment, &c. (review), 925
BIRMINGHAM.—Health of the town, 109, 410—The General Hospital, 109—Prosecution under the Apothecaries' Act, ib. — The Ingleby lectures, ib. — Provident dispensaries, ib. — Proposed central coroner's court, 410—Cocoa and coffee houses, 411—Provident dispensary system, ib.—Resignation of Dr. B. Fletcher, ib. —Free lectures on food, 515—A bad rule of the West Bromwich Hospital, ib.
Birmingham, Medical Benevolent Society of, 35; provident dispensaries in, 68; General Hospital of, sanitary statistics of the, 590; workhouse of, and its medical officer, 636; Hospital Sunday in, 685
Black, Dr. D. C., Lectures on Bright's Disease (review), 127
Bladder, extraction of a pencil-case from the, with a lithotrite, 202; stone weighing 6¼ oz. in the, 426

LECTURES, ETC.

BRADLEY, Mr. S. M.:
Clinical Lecture on Subcutaneous Osteotomy in Rachitic and other Deformities, 78
CHAMPNEIS, Dr. M.:
Clinical Lecture on the Treatment of Phthisis, 229
FENWICK, Dr. S.:
Lecture on Atrophy of the Stomach, 1, 39, 77
Lecture on the Presence of Bile in the Saliva, 303
Lecture on the Detection of Particles of Hepatic Structure in Abscess of the Liver, 715
GAIRDNER, Dr. W. T.:
Address on Lectures, Books, and Practical Teaching: introductory to a Course of Lectures on the Practice of Medicine, 717
GREENHOW, Dr. E. H.:
Clinical Lectures on Bronchiectasis.
Lecture I.—Part I., 735
HEWITT, Dr. G.:
Harveian Lectures on the Mechanical System of Uterine Pathology. Delivered before the Harveian Society of London.
Lecture I., 871
Lecture II., 907
Lecture III., 945
HOWARD, Dr. B.:
Lecture (Abstract of a) on the more usual Methods of Artificial Respiration; with Demonstrations of the "Direct Method" of the Author, 194
JOHNSON, Dr. G.:
Clinical Lecture (Abstract of a) on Cases of Pleurisy, 834
JONES, Dr. C. H.:
Clinical Lecture on Hyper-Ventilation in certain Diseases, 417, 451
LOWNE, Mr. B. T.:
Lectures (Abstract of Three) on Teratology, 242, 392, 551
MACKENZIE, Dr. M.:
Lectures on Diseases of the Nose.
Lecture I., 117
Lecture II., 289
Lecture III., 679
MACNAMARA, Mr. C.:
Clinical Lectures on Syphilitic Disease of Bone.
Lecture I., 561
Lecture II., 833
MASON, Mr. F.:
Clinical Lecture on Ulcers, 391
MAUNDER, Mr. C. F.:
Clinical Lecture on a Case of Intestinal Obstruction, 601
MURCHISON, Dr. C.:
Lecture on Clinical Teaching, 533
POWELL, Dr. R. D.:
Clinical Lectures on Excavation of the Lung in Phthisis.
Lecture IV., 151
Lecture V., 793
SMITH, Mr. H.:
Introductory Lecture to the Course of Surgical Lectures, to be delivered in the Session of 1877-78, 525
SOUTHEY, Dr. R.:
Clinical Lecture on a Case of Chronic Tubercular Peritonitis. Delivered at St. Bartholomew's Hospital, 677
WELLS, Mr. T. S.:
Address in Surgery, delivered before the British Medical Association at Manchester, 189
WILLIAMS, Dr. J.:
Introductory Lecture on the Progress of Gynæcology, 483
YEO, Dr. I. B.:
Clinical Lectures on Cases of Intra-thoracic Pressure.
Lecture I., 659

Lectures, books, and practical teaching, 717, 956
Leeds, infant mortality in, 546; School of Medicine, introductory address at, 555
Leg, left, remarkable case of hypertrophy of, ligature of external iliac artery, diminution in girth of the affected limb, 725
Leigh, Mr. R., rupture of the uterus without symptoms, 8
Leprosy, gurjon oil in the treatment of, 447
Lewis, Dr. T., filaria sanguinis hominis (mature form) found in a blood-clot in nævoid elephantiasis of the scrotum, 453
Liebreich's operation for strabismus, 266
Life insurance, fee for certificate of death in, 57
Ligature with carbolised catgut, 574, 583
Ligatures, the battle of, 889, 927
Lightning, autopsy in a case of death from, 266
Lilley, Dr. G. H., acute rheumatism, followed by necrosis of the tibiæ and left radius, during treatment by salicin and salicylic acid, 605, 748
Lime-juice v. lemon-juice, 66
Limes of the Bahamas, the, 114
Lincoln County Hospital, 623, 672
Lindley, Mr. J., obituary notice of, 972
Lippert, Dr. H., cotton-wool tampons, 336
Lister, Mr. J., introductory lecture at King's College, 488; lactic fermentation and its bearings upon pathology, 918
Lithotomy, on a dilatable tampon for use in deep-seated primary and secondary hæmorrhage after, 389; lateral, a brief record of twenty-one cases of, in the male adult, performed by Sir Henry Thompson, 914
Liveing, Dr. R., remarks on rheumatic purpura, 307; Notes on the Treatment of Skin Diseases (review), 846
Liver, abscess of the, without pyrexia, 124; on the detection of particles of hepatic structure in abscess of the, 715; large abscess of the, satisfactorily treated by the pneumatic aspirator, 796; softening syphilomata of the, 845
Liverpool, a plague spot in, 105; Eye and Ear Infirmary, the new, 224; Medical Society, 613; and Manchester, public health in, 325
Lloyd, Dr. R. H., presentation to, 146; Lambeth Infirmary, 297
Local Government Board, and medical officers of health, 27; imperfect vaccination and the, 200; inquiries by the, 665; report of the, 693, 732; threatened dissolution of the, 740
——— health self-government, eccentricities of, 780, 895
Locomotor ataxy, spontaneous fracture in, 256
Locum tenens, 501
London, water-supply of, 62, 252, 338, 742, 821; fever and small-pox in, 789
——— Fever Hospital and private patients, 140
——— University, the, 184, 264, 621, 697, 705, 733; medical women and, 26, 55, 75, 108, 202, 443; the senate and convocation of, 98, 164, 169, 211, 656, 668, 893, 900, 932; deputation from annual committee to the senate, 743; pass-lists of, 749, 865, 901; the Bachelor of Medicine examination, 779; the difficulties of the, 814; College, museum, 856
Longevity, remarkable case of, 532
Longhurst, Dr. A. E. T., on the infection of scarlet fever, 141, 300
Lowne, Mr. B. T., on teratology, 243, 392, 551
Lucas, Mr. R. C., the salicylates in acute rheumatism, 675
Lunacy, the mortality of, 778; in England, decline of the rate of increase of, 822; law inquiry, the, 285
"Lunatics," moribund, 359
Lungs, congestion of the, 751
Lush, Mr. W. J. H., Examination Papers for the use of Medical Students (review), 464
Lusus naturæ, 673
Lying-in hospitals, 22
Lymphadenoma of the pelvis, hæmaturia, transfusion, death, 86

M'Carthy, Mr. J. M'C., "death by the visitation of God," 341
Macclesfield, alleged prevalence of child murder in, 212; infant mortality at, 736
MacCormac, Dr. H., the Conversation of a Soul with God (review), 731
Macdonald, Dr. K. N., case of rheumatic fever successfully arrested in five days by the use of salicin, 604
McGill, Mr. A. F., hospital mortality, 181, 295
Mackenzie, Dr. M., on diseases of the nose, 117, 289, 679
Maclure, Mr. A., volunteer sick-bearers, 187
MacMahon, Marshal, 292
Macnamara, Mr. C., on syphilitic disease of bone, 561, 833
Maginniss, Mr. B. M., treatment of acute rheumatism of the salicylates, 669
Mahomed, Dr. F. A., remarks on arterio-capillary fibrosis and its clinical recognition, 232
Major, Dr. H. C., the structure of the island of Reil in apes, 45, 84; adulteration of beer, 753
Malagodi, Signor, a portrait of, 898
Malt as an antiscorbutic, 62
Mammary glands, peculiar action of the, 342
Man with many heads, a, 890
Manchè, Dr. L., Liebreich's operation for strabismus, 266
Manchester, the water-supply of, 291, 673; the Literary and Philosophical Society of, 699; the Medical Society of, 924
Manitou in Colorado, as a health resort in consumption, 156
Mann, Mr. J. D., induction coils, 113, 186
Manson, Dr. D., the Sulphur Waters of Strathpeffer (review), 281; hydrophobia, 868
March v. Farrant, 597
Marlborough House, sanitary state of, 160, 698
Marshall, Mr. J. J., unusual accident, 448
Marston, Surgeon-Major, 548
Martin, Mr. M. H., case of hydrophobia occurring in private practice, 424
Marylebone, health of, 140
Mason, Mr. F., on ulcers, 391
Masterman, Mr. G. F., obstinate vomiting due to a deposit of tartar, 449; old remedies, 480
Maternal impressions, 651, 789
Maunder, Mr. C. F., a good example, 444; hæmorrhage from the hand, 556; on a case of intestinal obstruction, 601
Maw, Mr. J. H., curious case of development of pungent ammoniacal gas, 521
Mawer, Mrs. E. B., an appeal from Roumania, 938
May, Dr. G. P., urine test cases, 945
Mayo, Dr. C., obituary notice of, 479, 521
Mayoralty, sanitary duties of the, 739
Mears, Dr. J. E., on the use of the subcutaneous saw in operations for closure of the hard palate, 901
———, Mr. W. P., hydrophobia, 713
Measles, hospital treatment of, 99, 143; and rötheln, the connexion between, 296, 409
Meat, diseased, traffic in, 281, 701; condemned, the treatment of, 510, 556
Mechanical system of uterine pathology, the, 871
Medical Acts Amendment Bill, the, 350
——— assistants, 637, 712
——— attendance on the masses, 654
——— bills, 26
——— botanist accoucheur, a, 437
——— charities, 21
——— Defence Associations, 29, 58, 405
——— Directory, 196, 226, 674
——— ethics, 74
——— mayors, 822
——— Officers of Health, Association of, 59; duties and responsibilities of, 778, 811, 856
——— or surgical? 934
——— schools, changes in the, 363; festivals, 511

MEDICAL SOCIETIES.

CLINICAL SOCIETY.—Ligature with carbolised catgut, 574—Pleuritic effusion treated by paracentesis thoracis, 575—Hysterical anæsthesia, 649—Injury to the spinal cord, 651—Cerebro-spinal lateral sclerosis, ib.—Urethral calculus, 728—Unilateral injury to the spinal cord, ib.—Left hemiplegia and hemi-anæsthesia, associated with loss of speech, 729—Acute suppurative synovitis of the knee-joint treated antiseptically, 806—Ligature of the femoral artery with catgut for popliteal aneurism, ib.—Iodide of potassium eruption, 807—Convulsions treated by venæsection, 921—Excision of ankle-joint, ib.—Osteotomy in rickets, ib.—Subcutaneous fracture of exostoses, 922

MEDICAL SOCIETY OF LONDON. — Removal of a large fibroid uterus with outgrowths, and of both ovaries, 612—Maternal impressions, 651—Treatment of dysmenorrhœa, 691—Pigmentary syphilide, 730—Infantile paralysis, 768—Removal of a nævus by the elastic ligature. 808—Modified Chopart's operation, ib. — Connexion between stomachic and labyrinthine vertigo, 846—Absorption of fat, and its uses, 885—The prognosis of mitral insufficiency, 923

OBSTETRICAL SOCIETY.—Cancer of the uterus, 89—Cæsarean section, ib.—Performance of ovariotomy during pregnancy, ib.—A synopsis of 1500 consecutive labours, 611—The forceps in certain breech presentations, ib.—Tarnier's forceps, 769—Choice of the leg in version, 770—General dropsy in the fœtus, with hypertrophy of the placenta, 856—Complete rupture of the perineum, ib.—Double vagina and uterus, ib.—Removal of uterine myomata by abdominal section, ib.

PATHOLOGICAL SOCIETY. — Aneurism of the left ventricle, 572—Aneurism of the anterior cerebral artery, ib.—Miliary aneurism of a branch of the anterior cerebral artery, ib.—Formation of balls of fibrin in the left auricle, 573—Antemortem coagulation in the left auricle, ib.—Complete obliteration of the aorta, ib.—Cystic-oxide calculi, 574—Destructive pneumonia from pressure on the bronchus, ib.—Aneurism of the arch of the aorta opening externally, 689—Aneurism of the cœliac axis, ib. — Abdominal aneurism, ib. — Aortic aneurism rupturing into the pericardium, following cured popliteal aneurism, ib.—Pulmonary tubercle in an infant, 690—Blood-cyst in the testicle, ib.—"Diphtheria" complicating enteric fever, ib.—Cancer of the rectum, ib.—Aneurism in the cavity of an hepatic abscess, 766 — Aneurism in the floor of a gastric ulcer, ib.—Hyperostosis ("osteitis deformans"), 767 — Syphilitic gumma of the anterior cerebral artery, ib. — Hæmorrhagic pachymeningitis, ib.—Chyluria, 768, 844 — Multiple sarcomata, 844 — Multiple cerebral tumours, ib.—Softening syphilomata of the liver, 845—Lactic fermentation and its bearings upon pathology, 918

ROYAL MEDICAL AND CHIRURGICAL SOCIETY.—Two peculiar varieties of hydrocele of the cord, 537 — Case of noma, in which moving bodies were observed in the blood during life, 538—Œdema (myxœdema) in the cretinoid condition of adult women, 610 — Aneurism of the aorta, innominate, subclavian, and carotid arteries, treated by double distal ligature, 726—Removal of a hairy mole from the forehead, 803 — Branchial fistulæ in the external ears, 804—Pathology of tetanus and hydrophobia, 882

Medical Societies, the, 507
—— statistics, 320
—— students, 594, 627; registration of, 665
—— teachers, 364
—— warrant, a new, 54
—— women, 26, 55, 75, 108, 262, 443, 659
Medicine in court, 56
Meigs and Pepper's Treatise on the Diseases of Children (review), 771
Melbourne University, 708
Membrana tympani, on certain abnormal movements in the, producing cerebral symptoms, 837
Meningitis, chronic spinal, after a fall, improvement, 725
Mercer's and Adelaide Hospitals, 35
Merchant service, the, 405, 780
Mercurial poisoning, the case of supposed, 115
Mercury, excretion of, 332
Meredith, Mrs. S., washing for the sick, 300
Metallic medicine, the past and present of, 696
Metric system in prescriptions, the, 103
Metropolitan asylums district work, 214
—— health districts, 590
—— medical relief, 30
Middle-class hospitals in the colonies, 475
Middlesex Hospital, introductory address by Mr. Hensman, 490
Midland Medical Society, 613, 771, 887
Midwifery, analysis of 800 cases of, 568; by unqualified practitioners, 63, 115; work, 702
Miles, Dr. E. M., the late, 788
Militia surgeons, 114, 150
Milk taverns, 258, 301
Miller's Elements of Chemistry (review), 731
Mines, fire-damp in, 625; explosions in, 657

MIRROR OF HOSPITAL PRACTICE, BRITISH AND FOREIGN.

ASHTON-UNDER-LYNE INFIRMARY.—Curious case of abnormality of the stomach, intestines, and perineum, 785

BETHLEM ROYAL HOSPITAL.—Case of mania with exophthalmic goitre, 724

BIRMINGHAM HOSPITAL FOR WOMEN.—An exceptionally difficult case of ovariotomy, 462

BIRMINGHAM, QUEEN'S HOSPITAL. — A case of double uterus and two vaginæ, complicated with fibroid tumour and absence of one kidney, 87—A non-penetrating gunshot wound of the abdomen; recovery, 203—Lacerated wound of the knee-joint treated successfully by Lister's method, 918

BOSCOMBE (BOURNEMOUTH) PROVIDENT INFIRMARY.—Popliteal aneurism; operation; recovery, 125

BRADFORD INFIRMARY. — Lymphomatous tumour of the duodenum, 954

BRISTOL ROYAL INFIRMARY. — Three cases of sudden death from heart disease, 462

CARDIFF INFIRMARY. — Case of suppurative nephritis communicating with left lung; recovery, 954

CHARING-CROSS HOSPITAL.—Surgical cases, 426—Injury to the ulnar nerve; paralysis; recovery, 570

CHELSEA HOSPITAL FOR WOMEN.—Ovariotomy; laceration of the bowel; recovery, 312

CORK HOSPITAL FOR WOMEN AND CHILDREN.—Disease of the tarsus; Syme's amputation; recurrence in tibia; Teale's amputation, 279—Syme's amputation for disease of tarsus; malleoli found to be involved; Carden's amputation; recovery, ib.

DORSET COUNTY HOSPITAL.—Traumatic aneurism of the right radial artery cured by direct pressure, 571

EDINBURGH ROYAL INFIRMARY.—Surgical cases, 161—Excision of a large bronchocele, 843

FORFAR INFIRMARY.—Compound depressed fracture of the skull; trephining; recovery, 10

GLASGOW ROYAL INFIRMARY.—Case of multiple aneurism, one of which, situated at the upper part of the right femoral, was obliterated by the introduction of a foreign body into the aneurismal sac, 536

GUERNSEY, ST. PETER'S PORT HOSPITAL.—Cerebral vomiting simulating sea-sickness, 610

GUY'S HOSPITAL.—Dysphagia, 9—Cases of malposition of thigh, after hip-joint disease, treated by Adams's operation, 686, 724—Extraction of cataract from both eyes in a case of microphthalmos, 881—Anchylosis of both hips; subcutaneous division of the femora with the chisel; bed-sores; pyæmia; death on the thirty-seventh day after the operation, 917

HULL INFIRMARY.—Chronic spinal meningitis after a fall; improvement, 725

KING'S COLLEGE HOSPITAL.—Excision of the shoulder-joint and removal of necrosed bone from the scapula; recovery, 201—Cleft through the hard and soft palate, 425—Strangulated femoral hernia; relief and radical cure by operation, 841

LAMBETH INFIRMARY.—Traumatic abscess of the brain without fracture of the skull; death, 10—excision of the elbow-joint, 160

LIVERPOOL INFIRMARY FOR CHILDREN.—Foreign body in the bronchus, removed after tracheotomy, in a boy aged six years, 842

LIVERPOOL NORTHERN HOSPITAL.—Rupture of the diaphragm; hernia of the stomach and transverse colon; impacted fracture of the neck of the femur; death, 571

LIVERPOOL ROYAL INFIRMARY.—Case of ascites tapped on five occasions, cured by copaiba resin, 49—Extraction of a pencil-case from the male bladder by the lithotrite, 202

LIVERPOOL WORKHOUSE HOSPITAL. — Case of depressed fracture of the skull in which temporary relief followed the use of the trephine; abscess of brain, 426

LONDON HOSPITAL.—Hip-joint disease in a patient fifty years of age; amputation; death on the sixth day, 124—Excision of the elbow-joint for synovial disease with suppuration; recovery, 202—Disorganisation of the carpal joints and wrist, with sloughing of soft parts, in a gouty man; amputation of forearm; recovery, 390—Ague with retinal hæmorrhage; remarks, 497—Vascular tumour of the scrotum; removal; recovery; remarks, 608—Synovial disease of the ankle-joint; suppuration and disorganisation; amputation of the foot antiseptically by Teale's method; antiseptic dressing; recovery, 880—Avulsion of the leg; primary amputation of the thigh in the lower third; recovery, ib.

MADRAS GENERAL HOSPITAL.—Fibrous tumour of the base of the skull; removal; death, 648

MANCHESTER ROYAL INFIRMARY.—Cancerous infiltration of the tongue and mucous membrane underneath; diseased tissue removed by Syme's operation, 88

MANCHESTER, ST. MARY'S HOSPITAL.—Two cases of abscess in both ovaries, 647, 688

MIDDLESEX HOSPITAL.—Abdominal section for extra-uterine fœtation; death on the second day, 48—Fracture of the thigh in a child, with rectangular anchylosis of the knee-joint; treatment by rectangular extension; good result, 159—Lodgment of a large piece of stick in the orbit of a child; complete paralysis of all the ocular muscles; removal; recovery, 390—Acute pleurisy; copious effusion; paracentesis; rapid recovery, 687

NATIONAL HOSPITAL FOR THE PARALYSED AND EPILEPTIC.—Syphilitic paraplegia; appearance of an obstinate ulcerating syphiloderm under iodide treatment; recovery under the influence of mercury, 237

NATIONAL ORTHOPÆDIC HOSPITAL.—Wry-neck of infantile origin in an adult; tenotomy; recovery; remarks, 609

NEWCASTLE-ON-TYNE INFIRMARY.—Remarkable case of hypertrophy of left leg; ligature of external iliac artery; diminution in girth of the affected limb, 725—Ovarian cancer; thrombosis of the saphenous vein; bronchitis; death, 802

NORFOLK AND NORWICH HOSPITAL.—Pneumothorax treated by paracentesis thoracis, with immediate relief to the urgent symptoms, and apparent check to the progress of the phthisical disease, 279

NORTHAMPTON GENERAL LUNATIC ASYLUM.—Two cases of total blindness after scarlatina occurring in the same family, 391

NORTH-EASTERN HOSPITAL FOR CHILDREN.—Carcinoma of the peritoneum involving the bladder and small intestine; death, 87

NORTH STAFFORDSHIRE INFIRMARY.—Fracture of the base of the skull; wound of the lateral sinus, 313—Case of apoplexy; respiration of Cheyne-Stokes, 238—Spindle-celled sarcoma of the tibia and fibula existing fourteen years; amputation; recovery, 881

NORTH-WEST LONDON FREE DISPENSARY FOR SICK CHILDREN. — Dislocation of the right femur into the obturator foramen in a child, 461

NOTTINGHAM AND MIDLAND EYE INFIRMARY.—Cases of squint; operation; remarks, 160

ROTHERHAM HOSPITAL AND DISPENSARY.—Tumour in the spinal cord; autopsy, 161

ST. BARTHOLOMEW'S HOSPITAL. — Case of empyema, treated first by paracentesis, and subsequently by ablutions effected in a novel way by means of uterine stems; remarks, 569

ST. GEORGE'S HOSPITAL.—A case of farcy, 461—A severe case of acute rheumatism complicated by pericarditis and broncho-pneumonia relieved at once, when the patient was apparently dying, by salicylate of soda, after failure of a fair trial of the alkaline treatment, 534—Facial erysipelas; recurrent high temperature, reduced from time to time by salicylate of ammonia; recovery, 647—A piece of kamptulicon floorcloth passed into the male urethra and retained; removal, 917

ST. LOUIS HÔPITAL, PARIS.—Medulloma of the scapula; extirpation; recovery, 126

ST. MARY'S HOSPITAL. — Bullet wound of the chest; hæmothorax; abscess of the lung; recovery, 278—Injury to the palmar arch; tetanus and hæmorrhage; ligature of the brachial artery; recurrent hæmorrhage; ligature of the radial and ulnar arteries; recovery, 496

ST. THOMAS'S HOSPITAL.—Lymphadenoma of the pelvis; hæmaturia; transfusion; death three days subsequently, 86—Imperforate rectum; Littré's operation; death on the eighteenth day, 311

SEAMEN'S HOSPITAL, GREENWICH.—Abscess of the liver (without pyrexia); remarks, 124

SHEFFIELD GENERAL INFIRMARY. — Long-continued sympathetic ophthalmia; recovery of excellent sight, 498

SOUTH LONDON OPHTHALMIC HOSPITAL.—Single optic neuritis, with much swelling of the disc, caused by a contusion of the eyeball; no other symptoms; recovery of good sight, 49

SUSSEX COUNTY HOSPITAL.—Calcification of the thyroid gland, 125—Acute rheumatism; hyperpyrexia; tepid baths; death, 390

UNIVERSITY COLLEGE HOSPITAL.—Enchondroma of the lower jaw; removal; recurrence; death, 764—Three cases of congenital fistula of the neck, 842

WEST LONDON HOSPITAL.—Traumatic stricture with five fistulæ; external urethrotomy; cure, 238—Stone in the bladder; lithotrity; good result, 765

WESTMINSTER HOSPITAL.—Ovariotomy under the antiseptic method; recovery, 801

Mitchell, Dr. W., Nurse and Patient (review), 809
Mitral insufficiency, prognosis of, 923

REVIEWS AND NOTICES OF BOOKS.

St. George's Hospital Reports, Vol. VIII., 1874-76: edited by Wm. Howship Dickinson, M.D., F.R.C.P., and Timothy Holmes, F.R.C.S., 11—Physiological Æsthetics: by Grant Allen, B.A., 12—A Treatise on the Laws relating to the Pollution and Obstruction of Watercourses, together with a brief Summary of the various Sources

of River Pollution: by Clement Higgins, M.A., F.C.S., 13—Anthracen; its Constitution, Properties, Manufacture, and Derivatives, including Artificial Alizarin, Anthrapurpurin, &c., with their Applications in Dyeing and Printing: by G. Auerbach; translated and edited by Wm. Crookes, F.R.S., ib. — Zoology: by Andrew Wilson, Ph.D., ib. — A System of Medicine: edited by J. Russell Reynolds, M.D., F.R.S.; Vol. IV., containing Diseases of the Heart, 50—Science made Easy; a Series of Familiar Lectures on the Elements of Scientific Knowledge most required in Daily Life: by Thos. Twining, 51 — St. Bartholomew's Hospital Reports, Vol. XII., 126—Lectures on Bright's Disease: by D. Campbell Black, M.D., 127 — Transfusion of Human Blood: by J. Roussel; with a Preface by Sir James Paget; translated by C. H. C. Guiness, B.A., 128—A Bit of Bulgaria: by Harry Leach, ib. — Transactions of the New York Pathological Society, Vol. I.: edited by John C. Peters, M.D., ib. — Smellie's Treatise on the Theory and Practice of Midwifery: edited, with Annotations, by Alfred M'Clintock, M.D.; Vols. I. and II., 162 — An Introduction to Practical Histology: by Geo. Thin, M.D., 163—Nouveau Dictionnaire de Médecine et de Chirurgie Pratiques, tome XXII., ib. — Lectures on Diseases of the Nervous System; delivered at La Salpêtrière by J. M. Charcot; translated by George Sigerson, M.D., M.Ch., 203 — American Addresses, with a Lecture on the Study of Biology: by Thos. H. Huxley, ib.—Sanitary Engineering: a Series of Lectures given before the School of Military Engineering at Chatham, in 1876, by J. Bailey Denton, F.G.S., 204—A Handbook to the Public Picture Galleries of Europe, with a brief Sketch of the History of the various Schools of Painting from the Thirteenth Century to the Eighteenth inclusive: by Kate Thompson, 205 —A Handbook of Medical and Surgical Electricity; second edition: by Herbert Tibbits, M.D., ib. — The Quarterly Journal of Microscopical Science, 239, 692 — Proceedings of the Medical Society of the County of Kings, 239—Sea-air and Sea-bathing; a Practical Guide for the use of Visitors at the Seaside: by Charles Parsons, M.D., ib. — Clinical Lectures on the Curability of Attacks of Tubercular Peritonitis and Acute Phthisis: by Dr. McCall Anderson, 240—Butter: its Analysis and Adulterations; second edition: by Otto Hehner, F.C.S., and Arthur Angel, F.R.M.S., ib.—Fownes' Manual of Chemistry, Theoretical and Practical; Vol. I., Physical and Inorganic Chemistry; twelfth edition, Revised and Corrected by Henry Watts, B.A., F.R.S. ib.—Monthly Microscopical Journal, No. CIII., ib. — The Different Forms of Flowers on Plants of the same Species: by Chas. Darwin, M.A., F.R.S., 280—Our Library Table, 281, 315, 731, 809, 847—Guy's Hospital Reports; Third Series; Vol. XXII.: edited by H. G. Howse, M.S., and Frederick Taylor, M.D., 314 —Traité de Hygiène Navale; deuxième edition: par J. B. Fonssagrives, ib.—What is Play? its bearing upon Education and Training; a Physiological Inquiry: by John Strachan, M.D., 427—Medical and Surgical Reports of the Boston City Hospital; Second Series, 428—Centralblatt für Praktische Augenheilkunde: Herausgegeben von Dr. J. Hirschberg; September, 1877, ib.—A Treatise on Chemistry: by H. E. Roscoe, F.R.S., and C. Schorlemmer, F.R.S.; Vol. I., the Non-metallic Elements, 464—The Examiner in Anatomy: by Arthur T. Norton, F.R.C.S., ib.—Examination Papers for the use of Medical Students: compiled by W. J. H. Lush, F.L.S., ib.—Etude sur le Spina Ventosa: par Edouard Goetz, 465 — Journal of Anatomy and Physiology; Vol. XI., Part IV., ib. — The Monthly Microscopical Journal, No. CVI., 539—Epitome of Skin Diseases, with Formulæ for Students and Practitioners: by Tilbury Fox, M.D., ib.—Erfahrungen über die Wundbehandlung nach Lister: von Prof. Dr. Dittel, ib.—Physiological Tables for the use of Students: compiled by E. B. Aveling, D.Sc., F.L.S., 540 — Die Sterblichkeit der Stadt Buda Pest in den Jahren 1874 und 1875: mit deren Ursachen von Joseph Körösi, ib. — La Principauté de Monaco, considérée comme Station Sanitaire: par E. Kunemann, ib.—Pet Moments: by R. A. Douglas Lithgow, F.R.S.L., L.R.C.P., ib. — The Morphology of the Skull: by W. K. Parker, F.R.S., and G. T. Bettany, M.A., B.Sc., 613 — On the Prognosis in Cases of Valvular Disease of the Heart: by Thos. B. Peacock, M.D., F.R.C.P., 614—Army Medical Organisation: a Comparative Examination of the Regimental and Departmental Systems; second edition: by Surgeon-Major G. J. H. Evatt, M.D., 652—An Introduction to Human Anatomy, including the Anatomy of the Tissues: by William Turner, M.B.; Part II., 653 — S. W. Silver and Co.'s Handbook to the Transvaal, British South Africa, ib.—Handbook of Practice of Medicine: by M. Charteris, M.D., ib.—The Motions of the Brain, with Illustrative Graphic Tracings, &c.; the Behaviour of Carbolised Catgut inserted among Living Tissues: by Wm. J. Fleming, ib. —A Treatise on the Pathology of the Urine, including a Complete Guide to its Analysis; second edition: by J. L. W. Thudichum, M.D., 691 — Preventive Medicine in relation to the Public Health: by Alfred Carpenter, M.D., 692 —An Elementary Treatise on Physics, experimental and applied; eighth edition: translated and edited from Ganot's "Eléments de Physique" by E. Atkinson, Ph.D., F.C.S., 692—Atlas of Skin Diseases: by Louis A. Duhring, M.D., Part II., 731—Archives of Dermatology: edited by L. D. Bulkley, A.M., M.D.; Vol. III., No. IV., ib. — Annales de Dermatologie et de Syphilographie: par le Dr. Doyon; tome VIII., No. IV., ib. — A Practical Treatise on the Diseases of Children; sixth edition: by J. F. Meigs, M.D., and Wm. Pepper, A.M., 771—The American Journal of the Medical Sciences, ib. — The Sanitary Drainage of Houses and Towns: by Geo. E. Waring, jun., 772—Pflüger's Archiv; Parts X. and XI. of Vol. XV., ib.—The Mechanism of Man: an answer to the question, "What am I?"; a Popular Introduction to Mental Physiology and Psychology: by Edw. W. Cox, Serjeant-at-Law, 808 — Diseases of Women: by Lawson Tait, F.R.C.S., 809—Notes on the Treatment of Skin Diseases; fourth edition: by Robert Liveing, M.D., 846 — An Atlas of Human Anatomy, accompanied by an Explanatory Text: by R. J. Godlee, F.R.C.S., ib. — Purification of Water-carried Sewage; Data for the Guidance of Corporations, Local Boards of Health, and Sanitary Authorities: by Henry Robinson, Memb. Inst. C.E., and John Chas. Mellis, Assoc. Inst. C.E., 847—Statistique Médicale de l'Armée Belge (Période de 1870-74), 887 —On Hydatids of the Lung; their Diagnosis, Prognosis, Treatment, &c.: second edition: by S. Dougan Bird, M.D., L.R.C.P., &c., 925—On the Pathology of the Pneumogastric Nerve: by S. O. Habershon, M.D. F.R.C.P., 926 — An Inquiry into the General Pathology of Scurvy: by C. H. Ralfe, M.D., 955—Revue Mensuelle de Médecine et de la Chirurgie, ib.—Richerche per determinare quali sieno i Nervi Vasomotori che fanno affluire largamente il Sangue nei Gangli Vasali e nelle Ghiandole, ib. — Transactions of the American Gynæcological Society, ib.—La Independencia Médica, 956—Almanacks, Diaries, &c., ib.

Reynolds' System of Medicine (review), 50
Rheumatic fever, loss of hair on the scalp after, 521
Rheumatism, acute, hyperpyrexia, tepid baths, death, 390; the salicylates in, 134, 534, 604, 605, 607, 636, 655, 645, 668, 675, 748, 789, 905; clinical remarks on, 529, 563; a severe case of acute, complicated by pericarditis and broncho-pneumonia, relieved at once, when the patient was apparently dying, by salicylate of soda, after failure of a fair trial of the alkaline treatment, 534; articular, 708
